INTERNATIONAL CALL FOR VISITING PROFESSOR/RESEARCHER

CALL FOR APPLICATIONS FOR VISITING PROFESSOR IN BRAZIL

Published on 06/10/2025

The President of the Instituto de Medicina Integral Prof. Fernando Figueira (IMIP) announces the opening of applications for a visiting professor/researcher in Health Sciences

I. PURPOSE

The Visiting Professor Program in Brazil is a strategic initiative to promote and support the internationalization of IMIP's *stricto sensu* graduate program and aims to:

- Attract professors working and residing abroad for research activities and to teach subjects, courses, training, lectures, or seminars in person.
 1. Promote the formation and expansion of international cooperation networks within IMIP's graduate programs.
 2. Stimulate international partnerships to enhance the quality of intellectual production (bibliographic, artistic, and/or technological) and human resource training linked to graduate studies.

II. REQUIREMENTS

2.1 The visiting professor/researcher must hold a doctoral degree and have proven academic teaching experience (a minimum of 3 years of professional teaching in higher education) and experience in supervising *stricto sensu* graduate programs, interdisciplinary research guidance, and relevant scientific production in the health area, with professional activity and residence abroad.

2.2 Submit a Work Plan in English associated with IMIP's *stricto sensu* Graduate Program in Integral Health. (For more information about the Program, visit the website: <https://imip.org.br/pos-graduacao-ss/mestrado-e-doutorado-em-saude-integral/> and refer to Annex I).

2.3 Candidates must be prepared to develop research projects and seek international funding, in addition to demonstrating interest in a long-term collaboration with IMIP.

III. VACANCIES AND CONTRACT PERIOD

3.1. The number of available vacancies is **01 (one) vacancy per year**.

3.2 The contract period for **in-person activities in Brazil** will last a **minimum of 01 (one) month and a maximum of 03 (three) months**. The schedule and modality of the activities must be detailed in the work plan submitted by the candidate at the time of registration.

3.2.1. Work Plan Evaluation (up to 6.0 points)

The candidate must submit a detailed work plan at the time of application, containing:

- Schedule of in-person activities.
- Description of the activities to be developed.
- Modality (in-person, remote, or hybrid) of the planned actions.

The work plan will be evaluated based on the following criteria:

Criterion	Maximum Score
Clarity and detail of the schedule and activities	2,0 points
Feasibility of execution in the proposed period	2,0 points
Coherence between objectives, methods, and expected results	2,0 points
Total	6,0 points

3.2.2. Complementary Remote Activities (up to 4.0 points)

Work plans that include **complementary remote activities**, to be developed after the in-person period for **up to 12 (twelve) months**, may receive an additional score of up to 4.0 points, according to the criteria below:

Criterion	Maximum Score
Clarity and detail of the proposed remote activities	1,5 points
